## MM3 MOUSE

MM3 design is perfect for gaming. With adaptable weight and size, ensures perfect fitting to any player's hand. And its awesome lighting effects are also customizable so MM3 won't be unnoticed.

MM3 mouse incorporates state-of-the-art technology with its Avago laser sensor, with selectable 125-1000Hz polling rate, and 30G acceleration, for ultimate precision. Besides, its high speed On-The-Fly, up to 16400DPI, is fully programmable in order to increase even further control and performance.

And if we also consider its outstanding software, able to configure up to 5 user profiles and 10 macro switches, that can be stored in its 128Kb internal memory, MM3 turns into the best weapon any player can fight with.

\*Software compatible with Windows XP/Vista/7/8/10
